Workshop Agenda

- Introductions & Housekeeping Items
- Overview of DNR Grants
- Georgia Outdoor Stewardship Program (GOSP) Presentation
- Question and Answer Session
Housekeeping Items

- This presentation is currently available at www.gadnr.org/gosp

- We are always available for further assistance.

- Your microphones are currently muted but can be enabled for questions.
Asking a Question – Hand Icon

Your Participation

- Please continue to submit your text questions and comments using the Questions panel.
- Please raise your hand to be unmuted for verbal questions.

Note: Today’s presentation is available on our website: https://gadnr.org/gosp
What type of organization do you represent?

a. City Government  
b. County Government  
c. State Government  
d. Federal Government  
e. Non-profit Organization
Do you already have a project in mind or are you just gathering information on the program?
## Similarities and Differences

### GOSP
- **Minimum** funding: $500,000
- Maximum funding: $3,000,000
- Minimum match: 25% of total project
- Examples of competitive project types:
  - Wildlife habitat acquisition
  - Riparian zone restoration
  - Reservoir enhancements
  - Invasive species removal
  - Camp site construction
  - Canoe/kayak launch
  - Fishing Pier
  - Trail systems

### LWCF
- Minimum funding: $25,000
- Maximum funding: $500,000
- Minimum Match: 50% of total project
- Examples of competitive project types:
  - Baseball/softball/soccer field construction
  - Splashpads
  - Restroom additions at existing parks
  - Ball field fencing/lighting
  - Ball field parking lots

### RTP
- No minimum funding amount
- Maximum funding: $200,000
- Minimum match: 20% of total project
- Examples of competitive project types:
  - Trail construction
  - Canoe/kayak launch construction
  - Rehabilitation of existing trails
  - Trailhead facilities
  - (Everything is Trails-related)
Georgia Outdoor Stewardship Act (GOSA) was passed in 2018 general election and Georgia Outdoor Stewardship Program (GOSP) became active in July 2019.

Three successful cycles:
- 38 projects
- 52 counties impacted
- $68.5M GOSP funding allocated
- 29,000 acres acquired
Coordinate and administer funding to provide stewardship for state parks, state lands and wildlife management areas; support local parks and trails; and protect critical conservation land.
The GOSA Trust is funded by:

“moneys received by the state from the sales and use tax collected by outdoor recreation equipment establishments.”
GOSP Terms
“Natural-resource recreation” means recreation in the form of boating, hiking, camping, fishing, hunting, jogging, biking, walking or similar outdoor activities.

These examples are taken straight from the GOSA statute.

“Stewardship” is defined as maintenance, restoration, or improvement projects.
GOSP Structure
Accepts, evaluates, and approves project proposals in accordance with priorities established by the GOSA legislation and priorities established by the Board of Trustees.

Projects approved by the Board of Trustees are then reviewed for approval by the Board of Natural Resources and the appropriations subcommittees maintaining oversight authority over GADNR and GEFA (Georgia Environmental Finance Authority).
The Board of Trustees consists of 11 members as follows:

**Voting Members**
- The Commissioner of the Georgia Department of Natural Resources (Chairperson of the Board)
- The Director of the State Forestry Commission
- The Director of the Environmental Protection Division (EPD) of the Department of Natural Resources
- The Commissioner of Transportation
- Two members appointed by the Speaker of the House of Representatives
- Two members appointed by the President of the Senate

**Ex Officio, Nonvoting Members**
- The director of the DNR Coastal Resources Division
- The director of the DNR Wildlife Resources Division
- The director of DNR State Parks, Recreation, and Historic Sites Division
GOSP Application Timeline

- Workshops: June 2022
- Pre-application: August 1 – October 14, 2022
- Second-level Applications: Spring 2023 – May 30 2023
- Project Agreements: Summer 2023
Who Can Apply?

Qualified Local Governments according to Department of Community Affairs (DCA)

Constituted Recreation Authorities

All State Agencies

Nongovernmental Entities
Any nonprofit organization registered with the Secretary of State’s office, **primarily concerned** with the protection and conservation of land and natural resources, as evidenced by its organizational documents.
Ineligibility

- Applicants that have active or previously awarded grants through the Georgia Department of Natural Resources (GADNR) which are currently deemed inactive by the Department.

- Entities not in good standing with the Department of Community Affairs (DCA).
Funding

- Minimum grant of $500,000
- Maximum grant of $3,000,000
- Reimbursement Program
- Match minimum of 25%
- Loans are also available
Minimum grantee match is 25% of total project cost
Applicants can commit to a larger match

25% match

</tr>
</tbody>
</table>
Common Sources of Match

**Grantee Cash**
- Engineering
- Construction costs
- Materials
- Equipment rental

**In-kind Donations**
- Volunteers
- Professional Services
- Materials
- Land donation
Appraisals, design and engineering, environmental compliance reviews, and grant writing expenses are eligible for MATCH ONLY if within 18 months of the Project Agreement effective date.

Must not exceed 15% of the total project

Example:

Total Project = $1,000,000
Pre-agreement MATCH of $150,000 or less is acceptable
Examples of Reimbursable Costs

- Construction costs
- Materials
- Equipment rental
- Land acquisition
- Design & Engineering
- Legal fees for acquisition

25% of each reimbursement request will be retained. Retainage will be released upon completion of project.
Examples of Ineligible Match or Reimbursement Items

- Maintenance
- Admin costs
- Food, beverage, or travel
- Indirect costs
- Consulting services (except grant writing as defined previously)
- Large equipment and large tool purchase
- Grand openings
- Items paid for outside of the project agreement dates
- Design and/or Planning only Projects
Pause for Questions

Your Participation

- Please continue to submit your text questions and comments using the Questions panel.

- Please raise your hand to be unmuted for verbal questions.
GOSP Fundamentals
Application For GOSP and LWCF

- GOSP offers a funding cycle every year

- Applicants may only submit one GOSP proposal per cycle.

- Applicants may submit Pre-applications to both LWCF and Outdoor Stewardship this year, but the projects cannot be dependent upon one another.
Competitive GOSP Projects

- Protection of wildlife habitat
- Protection of cultural sites/historic resources, and creating access for public
- Protection of land around Georgia's military installations
- Provision for nature-based recreation
Competitive GOSP Projects

- Acquiring ecologically valuable habitat
- Permanent protection
- Invasive species removal
- Create access for fishing and hunting
Competitive GOSP Projects

- Acquisition and protection of habitats for state and federally threatened species
- Campsite construction
- Reservoir enhancements
Competitive GOSP Projects

- Stream bank stabilization and restoration
- Large scale invasive removal
- Native groundcover planting
- Reduce erosion
- Improve water quality of an endangered river, benefiting multiple species
- Constructing Canoe launch, fishing pier
Wildlife habitat management through

- Prescribed burns
- Tree planting
- Reforestation
Project Funding Types

- Local Parks and Trails of State and Regional Significance
- State Stewardship
- State Acquisition
Available to local governments, constituted recreation authorities, and nongovernmental entities

- Acquisitions to include conservation easements
- Local restoration or improvement projects
- **Combination projects**: Acquisition **AND** Stewardship elements
Available to: State of Georgia agencies and nongovernmental entities only.

These entities may apply for restoration or improvement projects on permanently protected conservation land and current State-owned parks.

Local governments and constituted recreation authorities MAY NOT apply for State Stewardship grants.
Available to: State of Georgia agencies and nongovernmental entities only

- Acquisitions of property, to include conservation easements

- Combination projects: Acquisition AND Stewardship elements

Local governments and constituted recreation authorities MAY NOT apply for State Acquisition grants.
Project Funding Types

WHAT TYPE OF ENTITY ARE YOU?

QUALIFIED LOCAL GOVERNMENT

CONSTITUTED RECREATION AUTHORITY

NGO

STATE AGENCY

OTHER

PROPERTY MANAGED BY THE STATE?

NO

YES

DOES THIS PROJECT INVOLVE LAND ACQUISITION?

NO

YES

A

LOCAL PARKS & TRAILS OF REGIONAL SIGNIFICANCE

B

STATE STEWARDSHIP

C

STATE LAND ACQUISITION

NOT ELIGIBLE
Pause for Questions

Your Participation

- Please continue to submit your text questions and comments using the Questions panel.
- Please raise your hand to be unmuted for verbal questions.
The Pre-Application
Have you ever completed and submitted a grant application in the past?
The Online Application Process

- 100% online process
- Access will be available at www.gadnr.org/gosp on August 1, 2022
The Online Application Process

- The Pre-Application is the initial stage of the competitive application process.

- This is the only competitive section of the complete application process.

- Selected projects will be invited to submit a Second Level Application.
- Make sure your organization and project are eligible before you start work on your Pre-application.

- Does your project meet the purposes of the Outdoor Stewardship Program?

- Do you have the support of the authorizing official or officials who must sign off on each stage of this grant process?

- Verify that you can fulfill the match requirement.
Before starting a Pre-application

- Understand the amount of work it will take to complete the application **before** you begin. Sample application can be viewed on our website prior to the application start date.

- Majority of applicants spend between **40 - 80 hours** preparing documents for and submitting a Pre-application.

- Managing a successful grant can be challenging. Does your organization have the ability to see this grant through to a successful and timely completion?
The manual is your guide to filling out the application. It contains all the instructions for successfully completing each section of the application. Have the manual open while answering questions.

Carefully read all criteria questions so you understand exactly what the reviewer is looking for.

Lots of questions require the applicant to upload documentation to receive credit and you don’t want to miss out on those points.

If you answer “No” often on your Pre-application it is unlikely that you will be selected.
The narrative and budget help the reviewer understand how you’ll spend the funds. Don’t just tell us why you need the funding, tell us what you need the funding for.

Be specific. What makes your project better than your competitors’ similar project?

Focus on the tangible project elements and impact. Use other criteria questions to tell us about the economic impact, public support, etc.

Avoid “We hope to…”, “In the future, we may add…”, “There are plans to…”
Pre-application - Focus on the Narrative

- Make it easy for the Reviewers to award you points.
- Assume that the reviewers have never been to your city or county. Maps, photos and planning documents help the reviewers understand the overall vision of your project.
- Fluff kills and squanders your opportunity to sell your vision. Be concise. (what, where, how, why…)
- Make it easy for the Reviewer to measure the impact of your project. Many questions are graded relative to your competitors’ proposals.
The Pre-Application

- Before beginning your Pre-application, ensure that no previously completed work is included in your proposal.

- GOSP will not reimburse for ANY work performed before a mutually executed agreement is completed, anticipated to occur in the summer of 2023.

- Engineering, environmental reviews, and grant writing within 18 months of the anticipated agreement date, limited to 15% of the total project **FOR MATCH ONLY.**
Additional Requirements of All Applicants

- Pre-Application Cover Letter
- Resolution committing to funding availability
- Preliminary Site Plan / Conceptual Plan
- Project Boundary map
- Property Location Map
- **Generalized** cost estimate/Project Budget
- Appraisals (Acquisition projects only)
Project Budget – All Applicants

- Must utilize the form on our website: www.gadnr.org/gosp

- Should be **generalized, but still comprehensive,** in the Pre-Application.

- Include everything in your budget. Only included eligible items

- You must adhere to your budget. All project items must be completed to successfully close out your project and receive your retainage.

- Budget changes may require a formal amendment request or completion of a new application – Consider changes carefully!

**Tota$0.00**
**$0.00**
**$0.00**

**Grand Total:** $0.00

Volunteers who donate job-specific professional skills and/or equipment operation (grading contractors, plumbers, electricians, etc.) can value their time and/or equipment at their standard rates but may not exceed the rates outlined at https://www.bls.gov/oes/current/oes_ga.htm. General labor rates (no professional skills required) must not exceed $11.40 per hour.
All contributions from your partners must be included in the budget.

All DNR grants value partnerships. Collaboration shows the reviewers others invested in this project.

Remember, a letter of support is not the same as a financial partner.

Partners must provide a monetary value (cash or in-kind) to the project.

To qualify for points on “Partnership” question partners must commit to at least 1% of the total requested funding.
Pause for Questions

Your Participation

- Please continue to submit your text questions and comments using the Questions panel.
- Please raise your hand to be unmuted for verbal questions.
The Second Level Application
Successful Applicants invited to the Second Level Application shall submit:

- Financial info to receive ACH reimbursements
- **DETAILED** Project Budget worksheet
- Project Implementation Schedule
- Environmental Review documents needed by DNR for submission
All applicants must attend a mandatory financial workshop prior to receiving a project agreement from GADNR.

The day a mutually signed agreement is signed is considered “Day 1”. Grantees are eligible for funding and have 24 months to complete their project measured from Day 1.

The reimbursement process will be covered in depth during the Financial Workshop.

- Expect a robust level of required documentation (please see the program manual for more details).
Close Out and Post-Completion
Close out

- Close out must occur within 45 days of project completion.

- Grantee completes a final quarterly report and marks it as “Final”. It shall include:
  - Indication that the project is complete, accessible, and open to the public, if applicable.
  - Photos of the completed work
  - “As built” plans in .pdf format

- Grantee completes a final reimbursement request and marks it as “Final”

- For acquisitions only – A copy of an updated property deed with required protective language and recording stamp from the local jurisdiction’s County Clerk’s office.
25% Retainage

- Taken out of each reimbursement request

- Final payment of the 25% retainage paid by DNR upon satisfaction of all parties’ commitments and responsibilities.

- If payment of the full 25% would create a shortfall of the applicant’s match, DNR will adjust the payable retainage amount accordingly.

- In the instance of overpayment by DNR, the grantee is required to refund an amount back to GEFA equivalent to the overage.
Long-term Obligations for GOSP Recipients

- All documents must be retained for at least 5 years.
  - 5 yrs. post any litigation if applicable

- Funding recipients must retain legal control and oversight of the property.

- Funding recipients must properly maintain the property.

- Real Property or conservation easements acquired with GOSP funds shall comply with protective language in the deed.

- Grant recipients may charge reasonable user fees. Revenues must go towards the management/maintenance of the project.
