Vacancy Ann # 25-2019

**Applicant Information**

- Vacancies are open to all qualified applicants. Applicants will be screened for the minimum qualifications listed for each job vacancy. Preference will be given to applicants who, in addition to meeting the minimum qualifications, possess one or more of the listed preferred qualifications, when applicable.
- Employees will be given the opportunity to compete within their division or within central office to transfer to or voluntary demote to a vacant position prior to consideration of applicants from outside of the agency.
- Applications are accepted for announced jobs only.
- To apply for an announced job vacancy, applicants must submit a Department of Natural Resources (DNR) Application for Employment to the individual address listed with each job posting. It is important that applications be sent directly to the contact person and/or locations listed. Applications sent to another location may not be forwarded and may result in applications not being considered. Please do not submit your application to the address listed on the front of this announcement.
- Applicants must submit one application for each position being applied for.
- A .pdf version and a Word version of the DNR Application for Employment can be found by visiting the Careers page of the DNR website at [http://www.gadnr.org/careers](http://www.gadnr.org/careers).
- If submitting a résumé, please attach this with a completed DNR Application for Employment.
- Please be sure to include the following information on your application: Job Title and Position Number.
- If the minimum qualifications for a job require a college education and you have obtained a degree from a college or university outside the USA, you are required to submit an International Education Evaluation Letter showing your degree is equivalent to one obtained at a college or university in the USA. International Educational Evaluations are accepted from the National Association of Credential Evaluation Services ([www.naces.org/members.htm](http://www.naces.org/members.htm)) or the Association of International Credentials Evaluators ([www.aise-eval.org](http://www.aise-eval.org)).
- Your application must be postmarked no later than the application deadline date noted on the front page of this Vacancy Announcement. Please note that deadlines listed may differ for certain advertised jobs from what is listed on the front of the Vacancy Announcement.
- Any offer of full time and part time employment by DNR is conditional upon a background check that is appropriate for the job functions and business necessity. If related criminal records are revealed in the process, the applicant will not be automatically disqualified.
- Information found on publically posted social media accounts may be examined.
- Current State of Georgia employees transferring to a DNR position, on the same pay grade, will transfer at their existing pay. Current State of Georgia employees transferring to a DNR position, on a higher pay grade, will typically receive a 5% promotion, or go to the job minimum, whichever is greater. Current State of Georgia employees transferring to a DNR position, on a lower pay grade, will typically receive a demotion with a loss in pay.
- All positions listed in this announcement are in the Unclassified Service and will be filled as unclassified positions.
- All qualified applicants will be considered. Hiring locations will contact applicants regarding interviews but due to the volume of applications received not all applicants will be contacted or receive an interview.
- If you need this Vacancy Announcement in an alternate format, please contact the DNR Office of Human Resources at 404.656.7560.
- DNR is a registered participant in the federal work authorization program commonly known as E-Verify. DNR uses this program to verify employment eligibility of individuals hired on or after July 1, 2007. DNR's E-Verify ID # is 45119, Authorized July 1, 2007.
- The Georgia Department of Natural Resources is an Equal Opportunity Employer.

Additional information on the Georgia Department of Natural Resources Operating Divisions can be located by visiting the below website addresses:

Coastal Resources Division  [www.CoastalGADNR.org](http://www.CoastalGADNR.org)
Environmental Protection Division  [www.GeorgiaEPD.org](http://www.GeorgiaEPD.org)
Historic Preservation Division  [www.GAshpo.org](http://www.GAshpo.org)
Law Enforcement Division  [www.GADNRLE.org](http://www.GADNRLE.org)
Parks, Recreation and Historic Sites Division  [www.GAStateParks.org](http://www.GAStateParks.org)

**NOTE:** Information in this Vacancy Announcement is subject to change.

Vacancy Ann # 25-2019  [Return to the Vacant Position Listing](#)  Deadline Date 07/02/19
**Game Warden Applicant Information**

**JOB CODE:** PSP040  
**PAYGRADE:** LH  
**ENTRY SALARY:** $41,236.08

The Law Enforcement Division of the Georgia Department of Natural Resources is accepting applications for the position of Game Warden on a year-round basis. The pool of applications on hand will be pulled as needed by the agency to fill vacant positions. Applicants must submit a DNR P.O.S.T. Certified Position Application for Employment to the DNR Training Academy, along with a current P.O.S.T. Certification Certificate (if applicable) or a copy of the P.O.S.T. Entrance Exam results to the following address:

DNR Training Academy  
ATTN: Game Warden Employment  
1000 Indian Springs Drive  
Forsyth, GA 31029

Or documents may be sent electronically to DNR.Training.Academy@dnr.ga.gov.

Completed applications will be used to create a List of Applicants which will be used to fill positions as needed.

**NOTE:** Applicants who are not POST certified must pass the P.O.S.T. Entrance Exam to be considered for a Game Warden position. A copy of the test scores must be included with the application when applying for a Game Warden position. P.O.S.T. Entrance Exam Information is located on the Careers page of the Law Enforcement Division’s website.

Applicants who are P.O.S.T. Certified must provide a copy of their P.O.S.T. Certification Certificate when applying for a Game Warden position.

The following information can be used to provide guidance when applying for the Game Warden position. This information is available on the Careers page of the Law Enforcement Division’s website at www.gadnrle.org/careers-le:

- What is a Game Warden  
- Qualifications for Employment  
- P.O.S.T. Entrance Exam (POST testing information)  
- Selection Process  
- Conditional Employment  
- Law Enforcement Training  
- Career Progression/Promotions/Assignments  
- Employment Benefits  
- DNR P.O.S.T. Certified Position Application for Employment  
- DNR Supplemental Work History  
- Game Warden Hiring Packet  
- Becoming a Game Warden Brochure

Additional information is available by contacting the DNR Training Academy at (478) 993-4540 or (478) 993-4545 or via e-mail at DNR.Training.Academy@dnr.ga.gov.

**NOTE:** The DNR P.O.S.T. Certified Position Application for Employment is being accepted year-round. There is no Deadline Date to submit the application for a Conservation Ranger 1 (Game Warden).

*Position # 00180515 – Georgia Recreational Trails Program
*Position # 00101793 – Georgia Outdoor Stewardship Program

**JOB DESCRIPTION**

Two candidates will be selected from this announcement. One incumbent will coordinate the Georgia Recreational Trails Program and the other incumbent will coordinate the Georgia Outdoor Stewardship Program.

The responsibilities for both positions include managing all aspects of the grant program; developing and maintaining policies and procedures relative to the program; maintaining the online application and tracking system; reviewing and evaluating all grant submissions; working closely with local governments and elected officials; conducting workshops, events and meetings; and serving as the main point of contact with The Federal Highway Administration or The Georgia Outdoor Stewardship Board of Trustees. The incumbent will also be responsible for supervising other assigned staff.

**MINIMUM QUALIFICATIONS**

Bachelor's degree in business, public administration, finance or related field from an accredited college or university

**AND**

Two years of experience in grants management, public funds administration, accounting or a closely related area.

**OR**

One year of experience required at the lower level Grants Specialist 2 (FIP051) or position equivalent.

**PREFERRED QUALIFICATIONS**

Preference may be given to applicants with:

- Prior DNR experience
- Knowledge or experience in grants
- Computer Skills – Office suite, online database and application, web management
- Supervisory experience

JOB DESCRIPTION
This position is located in the Georgia Environmental Protection Division (EPD) – Air Protection Branch – Stationary Source Compliance Program – Chemicals/Minerals Unit (CMU). The incumbent in this position performs first line management duties of considerable difficulty in managing the CMU. Duties include directing the activities of the unit to ensure that stationary sources of air pollution are in compliance with state and federal environmental rules and regulations. This is accomplished primarily through onsite inspections and review of periodic monitoring reports. Additional duties may include performing complex regulatory functions such as monitoring, engineering design review, environmental rules changes, inspection, personnel actions, special projects, investigations, enforcement actions, public participation in the regulatory process, intergovernmental agency coordination, training, program planning, and related tasks. Strong verbal and written communication skills along with excellent customer service skills are essential.

MINIMUM QUALIFICATIONS
Bachelor's degree in Environmental Sciences, Biology, Chemistry, Geology, Engineering (Agricultural, Chemical, Civil, Environmental, Mechanical or Sanitary) or related field from an accredited college or university AND
Four years of professional experience in environmental enforcement, environmental health, environmental monitoring, environmental protection or environmental research.

PREFERRED QUALIFICATIONS
Preference may be given to applicants with:
- Bachelor’s degree in Chemical, Mechanical, or Environmental Engineering
- Experience with Georgia air quality regulations
- Experience writing or reviewing enforcement documents
- Experience writing or reviewing inspection reports

**JOB DESCRIPTION**
This position is located in the Georgia Environmental Protection Division (EPD) – Air Protection Branch – Planning and Support Program – Emissions and Control Strategies Unit. The incumbent in this position will serve as the Unit manager over a group of associates who develop mission inventories for point sources, mobile sources (on-road and non-road), area sources, and fire emissions. Improving the quality of Georgia’s emission inventories is a priority because they are used to inform APB decision-making and strategic planning. Associates in the Unit also work with schools and other entities on federal grant opportunities to reduce emissions from on-road vehicles, non-road vehicles, and construction equipment. These efforts are critical as Georgia strives to reduce ground-level ozone emissions in the Atlanta ozone nonattainment area and seeks to improve air quality statewide. The Unit works collaboratively with a wide range of partners, including U.S. EPA, regional planning commissions, the Georgia Forestry Commission, the Georgia Department of Transportation, railroads, school systems, municipalities, and regulated industry. Good written and verbal communication skills are essential, as well as the ability to effectively manage multiple projects and priorities in a fast-paced environment.

**MINIMUM QUALIFICATIONS**
Bachelor’s degree in Environmental Sciences, Biology, Chemistry, Geology, Engineering (Agricultural, Chemical, Civil, Environmental, Mechanical or Sanitary) or related field from an accredited college or university AND
Four years of professional experience in environmental enforcement, environmental health, environmental monitoring, environmental protection or environmental research.

**PREFERRED QUALIFICATIONS**
Preference may be given to applicants with:
- Experience developing emission inventories
- Knowledge of EPA rules and guidance related to emission inventory development
- Knowledge of air quality modeling and State Implementation Plan (SIP) requirements
- Knowledge of regulatory and voluntary air pollution control strategies
- Demonstrated ability to effectively administer contracts and/or manage projects
- Demonstrated ability to identify and implement process improvements
- Demonstrated ability to work with multiple partners and stakeholders

**JOB DESCRIPTION**
This position is located in the Georgia Environmental Protection Division (EPD) – Air Protection Branch – Stationary Source Compliance Program – Air Toxics Unit (ATU). The incumbent in this position performs first line management duties of considerable difficulty in managing the ATU, which also includes the Risk Management Program. Duties include directing the activities of the unit to ensure that stationary sources of air pollution are in compliance with state and federal environmental rules and regulations. This is accomplished primarily through onsite inspections and review of periodic monitoring reports. Additional duties may include performing complex regulatory functions such as monitoring, engineering design review, environmental rules changes, inspection, personnel actions, special projects, investigations, enforcement actions, public participation in the regulatory process, intergovernmental agency coordination, training, program planning, and related tasks. Strong verbal and written communication skills along with excellent customer service skills are essential.

**MINIMUM QUALIFICATIONS**
Bachelor's degree in Environmental Sciences, Biology, Chemistry, Geology, Engineering (Agricultural, Chemical, Civil, Environmental, Mechanical or Sanitary) or related field from an accredited college or university
AND
Four years of professional experience in environmental enforcement, environmental health, environmental monitoring, environmental protection or environmental research.

**PREFERRED QUALIFICATIONS**
Preference may be given to applicants with:
- Bachelor’s degree in Chemical, Mechanical, or Environmental Engineering
- Experience with Georgia air quality regulations
- Experience writing or reviewing enforcement documents
- Experience writing or reviewing inspection reports

If interested in applying for this position, please submit an electronic DNR Application for Employment to the e-mail address highlighted below or mail a completed DNR Application for Employment to the following address:

JOB DESCRIPTION
This position is located in the Georgia Environmental Protection Division – Watershed Protection Branch – Industrial Wastewater Compliance Unit. The successful candidate for this position will ensure that industrial wastewater treatment facilities, municipal pretreatment programs and concentrated animal feeding operations are in compliance with applicable water quality rules and regulations; plan, conduct, and document inspections for a wide variety of industrial wastewater treatment facilities; review water quality data including routine monitoring reports; record and track compliance and enforcement data, including entering into state and federal databases timely and accurately; provide compliance assistance to the regulated community and the public; respond to citizen water quality complaints; and, when needed, initiate timely and appropriate enforcement action to return a facility to compliance.

MINIMUM QUALIFICATIONS
ETP020 – Environmental Engineer 1
Bachelor's degree in Agricultural, Chemical, Civil, Environmental or Civil-Sanitary or Mechanical Engineering from an accredited college or university.

ETP021 – Environmental Engineer 2
Bachelor's degree in Agricultural, Chemical, Civil, Environmental or Civil-Sanitary or Mechanical Engineering from an accredited college or university
AND
One year of experience in professional environmental or sanitary engineering work.

ETP022 – Environmental Engineer 3
Bachelor's degree in Agricultural, Chemical, Civil, Environmental or Civil-Sanitary or Mechanical Engineering from an accredited college or university
AND
Two years of experience in professional environmental or sanitary engineering work.
OR
One year of experience at a level equivalent to an Environmental Engineer 2 (ETP021).

PREFERRED QUALIFICATIONS
Preference may be given to applicants with:
- Familiarity with state and federal water quality rules and regulations
- Familiarity with waste-water treatment processes

**JOB DESCRIPTION**

This position is located in the Georgia Environmental Protection Division (EPD) – Land Protection Branch – Brownfield Unit. The incumbent in this position is responsible for reviewing and approving brownfield corrective action plans, compliance status reports, and other related documents demonstrating prospective purchaser and property eligibility; documenting historical and current site conditions; and describing proposed and completed site investigations and corrective action measures pursuant to the Georgia Brownfield Acts (ACT). The incumbent will assist in determining if an applicant and property meet the Acts qualifying criteria. The incumbent will also be responsible for reviewing brownfield cost certifications in accordance with O.C.G.A. § 48-5-7.6 for property tax abatement. This position will require the incumbent to assist potential brownfield applicants and environmental and real estate professionals in understanding the requirements of the Georgia Brownfield Program. The incumbent will be required to evaluate the fate and transport of contaminants in environmental media to ensure adequate site characterization; feasibility of proposed remediation design; and compliance with approved cleanup standards. The incumbent will need to work in “real-time” to provide technical-level support for environmental remediation and redevelopment projects at the State and Federal levels, including, but not limited to overseeing field investigations and conducting geology reviews. As such, the incumbent is expected to assume project management duties as needed and as assigned. Therefore, the incumbent must be collaborative and solution-oriented; self-motivated; able to work under general to minimum supervision; hardworking; capable of quickly developing an in depth understanding of the nuances of brownfield cleanup and redevelopment; and capable of effectively managing multiple work assignments in order to meet real-time deadlines. Due to the high-profile nature of the Program, strong written and verbal communication skills are required.

**MINIMUM QUALIFICATIONS**

**LSP050 – Geologist 1**

Bachelor’s degree in Geology, Geologic Sciences or a related field from an accredited college or university.

**LSP051 – Geologist 2**

Master’s degree in geology from an accredited college or university.

**OR**

Bachelor’s degree in geology, geologic sciences, or a related field from an accredited college or university

**AND**

Two years of related experience.

**OR**

One year of experience required at the lower level Geologist 1 (LSP050) or position equivalent.

(Continued on page 27)
**Geologist 1/2/3 Continued**

**LSP052 – Geologist 3**
Master’s degree in geology from an accredited college or university

**AND**
Three years of related experience.
**OR**
One year of experience required at the lower level Geologist 2 (LSP051) or position equivalent.

**PREFERRED QUALIFICATIONS**
Preference may be given to applicants with:
- Experience with conducting environmental investigations pursuant to real estate transactions
- Experience in performing site investigations and correction action pursuant to land-based State and Federal environmental laws and regulations (i.e. GBA, RCRA, CERCLA, HSRA, UST, VRPA)
- Experience with fate and transport modeling
- Experience with investigation and remediation of non-aqueous phase liquids
- Experience managing multiple work assignments in a fast-paced work environment
- Experience with managing and setting work priorities

**JOB DESCRIPTION**

This position is located in the Georgia Environmental Protection Division (EPD) – West Central District Office – Macon, GA. This position is responsible for covering an area from Macon, GA to Columbus, GA. The successful candidate will work on a multi-disciplined team ensuring that permitted facilities are operating in compliance with applicable regulations through inspection, interpretation of regulations, evaluation of periodic reports and drafting enforcement documents, when necessary, to remedy noncompliance. The incumbent will also address citizen complaints regarding program specific quality or other issues. This position involves routine interaction with the public, regulated industry, consultants, and other governmental officials; therefore, the ability to clearly articulate technical concepts is essential. The majority of work performed by this position requires the production of written technical documents so good technical writing skills are also essential for this position including the ability to work with Microsoft Word and Excel and various databases.

**MINIMUM QUALIFICATIONS**

*This position will be located in Bartow or Glynn county.*

Based on education and experience, the selectee will be hired into one of the above-mentioned job codes.

**JOB DESCRIPTION**

This position is located in the Georgia Environmental Protection Division (EPD) – Emergency Response Program, based out of the Mountain District Office in Cartersville, Georgia or out of the Coastal District Office located in Brunswick, Georgia. The position location could be negotiable in the event the selected candidate’s location is advantageous to accomplishing the Division’s overall objectives. The incumbent in this position will serve as an Emergency Responder with a rotation of eight months performing routine compliance duties as a District Environmental Compliance Specialist followed by an eight-month rotation as an Emergency Responder under Environmental Response Program (ERP) oversight or vice versa. The rotation time between the two is subject to change. Statewide overnight travel may be required periodically.

As a District Environmental Specialist, the incumbent in this position is responsible for conducting compliance inspections (routine, follow-up and complaint) of assigned environmental programs including wastewater treatment, drinking water supply, solid waste, and/or air quality facilities; receiving and investigating assigned program related complaints; initiating and preparing enforcement documents; conducting enforcement conferences; receiving and reviewing monitoring reports for permitted facilities; completing monthly reports; maintaining databases on all assigned permitted facilities; and other duties as assigned.

As an Emergency Responder, the incumbent in this position serves in the Emergency Response Program (ERP) through a variety of roles and assignments that include, but are not limited to:

- Division Duty Officer: while serving in this role, the incumbent will receive, assess and determine an appropriate Division response to a wide-ranging variety of incidents reported across the state
- State On-Scene Coordinator: while serving in this role, the incumbent will respond to a wide-ranging variety of incidents statewide and represent the Division in coordinating the response activities of entities involved including local, state, and federal agencies, along with private industries and contractors.
- The incumbent in this position may also be required to serve in the State Operations Center during declared emergencies and activations.

The incumbent in this position must be willing to work rotational shifts, routinely be available 24 hours a day, and agree to night, weekend and Holiday assignments. Statewide overnight travel will be required.
